SKILLS

Languages: C++, Java, Python, HTML, CSS, JavaScript
Framework: React.js, Node.js, MongoDB, MySQL, Express.js
Tools: Kali Linux, Blender, Git, GitHub
Soft Skills: Problem-Solving, Team Player, Adaptability, Frugal Innovator

PROJECTS

Aquafarm | [Link](#)

Oct' 25

- Built a full-stack smart irrigation management system using the MERN stack that automates farming decision based on real-time weather data
- Integrated external weather API to analyze regional climate condition and determine optimal irrigation requirements dynamically
- Developed a responsive dashboard enabling farmers to monitor weather insights, irrigation status and system control in real time
- Implemented secure authentication, RESTful APIs and MongoDB as database

ClqDrop Data Transfer | [GitHub](#)

Oct' 25

- Built a frictionless data-transfer system enabling quick text/file sharing through auto-generated codes, removing the need for accounts or device pairing.
- Simplified real-time sharing for strangers, teams, and multi-device workflows with a fast, clean UI and secure temporary sessions.
- Reduced sharing time by 70% and enabled seamless cross-platform use, improving accessibility and user convenience.

Smart-Locator | [GitHub](#)

Feb' 25

- Developed a Tourist Attraction Recommender using Gemini API to fetch top location-based suggestions dynamically based on user input.
- Implemented Google Maps integration enabling real-time navigation access for each recommended attraction, improving usability and travel planning efficiency by 50%
- Added category-based filtering for nature, historical sites, nightlife, hostels, shopping, and food locations, enabling more personalized search experiences and boosting user satisfaction.
- Built an intuitive and responsive UI using HTML, CSS, and JavaScript, featuring dark mode, like tracking, and favorites system stored in local storage

CERTIFICATES

- | | |
|--|---------|
| • Cloud Computing NPTEL certificate | Nov' 25 |
| • Oracle cloud Infrastructure Developer professional certificate | Oct' 24 |
| • Generative AI professional Oracle certificate | Nov' 24 |

Achievements

Secured a Top 35 rank in the national-level ZOHO Clqtrix Hackathon by developing a custom automation bot for the Zoho Clq platform with enhanced functionality to boost user productivity

EDUCATION

Lovely Professional University

Bachelor of Technology - Computer Science and Engineering

Phagwara, Punjab

Aug' 23 – Present

GD Mission Public School

Intermediate; **Percentage: 67.4**

Muzaffarpur, Bihar

Mar' 20 – May' 22

St Johns Academy

Matriculation; **Percentage: 88.7**

Hajipur, Bihar
